

Beware, check your child's hair, just in case some things are there!

Head Lice have been found in your child's class today.

You will need:

Your usual shampoo

Lots of conditioner

A Bug Buster comb (available from any chemist)

- Shampoo and rinse the hair.
- Put on lots of conditioner.
- Comb the child's head thoroughly with the Bug Busting comb, checking for head lice on each stroke and removing them. Make sure the comb gets right down to the roots.
- This should be done regularly, also checking all the family.
